INFALLIBLE YEAST POWDERS.

Scientific men, who thoroughly understand the subject, concur with great unanimity in saying that nothing exerts such a deleterious influence against health as bad bread. The remedy is at hand in SIMPSON'S INFALLIBLE YEAST POWDERS, the value of which is thus certified:

RALEIGH, Aug. 24, 1866.

I have tested the Yeast Powders you manufacture, and can recommend them as vastly superior to any other ever used by me. In addition to the lightness and sweetness of the bread, the powders are economical, as one-third the lard usually required will answer in the making of either loaf bread or biscuit. For pastries and cakes they are excellent.

VIRGINIA A. ORR.

The price of these powders per package is 25 cts. or 75 cts. per pound. To be had at Wm. Simpson's Confectionary Store, Fayetteville Street, Raleigh, N. C.

RALEIGH, Aug. 23, 1866.

This is to certify that I have used Mr. Simpson's Yeast Powders and find them to be superior to any I have ever used. After trying them *once* no housekeeper will be satisfied without them,

MRS. S. D. HARRISON.

Relief.

Our people need relief. They are pressed down by the taxes they have to pay. Cannot relief, in a part at least, be found for them? We think it certainly can. How? By the issuing of North Carolina treasury notes, and thus establishing a currency among ourselves. The incoming legislature, in our candid opinion, is *bound to issue treasury notes for the relief of the people*. This is a practicable question with which we can all grapple. The only objection we heard last winter to the measure, which seemed to prevail too, was that the money would not answer our purposes, as it would not pass beyond the limits of our own State. Suppose this should be so, is that a reason why we cannot pay our internal debts and taxes with the money? Surely not. The people in many places are burdened with debt. To raise one-fifth of the sum is a great difficulty. Let us have North Carolina Greenbacks to circulate at home if no where else. It is our opinion that North Carolina notes will circulate in the great commercial marts North of us, because the credit of the State has always been the very best. We were compelled to repudiate the war debt, that act was not voluntary on our part. People in other States know that fact, and are well aware that *repudiation* of an honest debt, finds no lodgment in the breast of staid old North Carolina. Our South Carolina friends have wisely set us the example of giving their people aid by treasury notes. We trust our Legislature will act equally wise and patriotic. We shall be glad to hear the views of the *Sentinel* and other papers on this point of interest.—*Ashville News*

Our Western counties are suffering greatly for the want of a circulating medium. Bad as we feel the want of money in the East and middle section, we have no conception of this scarcity in the Western part of the State. We assure our cotemporary, the *News*, of our readiness to do all in our power to afford relief to the people.

The proposition to issue State Treasury notes, was urged strongly upon the last Legislature and was defeated. The impression very generally prevails that no issue of State Treasury notes under present circumstances, would obtain circulation, because they would not be received by the Banks or the brokers. If this be so, the merchants would not receive them, and hence farmers would not take them in exchange for their products. This would prove a perfect stoppage to their circulation. The simple fact that they would be received in payment of State taxes, could not help their circulation, and if it could, it would so embarrass the Treasury, that the wheels of the State government would be stopped. If its receipts were State Treasury notes mainly, it could pay out mainly nothing but those notes. But if the bankers and brokers would not take them, nor the merchants and farmers in exchange for goods and provisions, no State creditor could take them.

We can think of no relief in this regard, so long as the National circulation keeps out of the market all other species of circulation.—The surest method of giving our people in the Western counties a circulation, is to resolve to complete the Western Extension Railroad.—This would give our people a home market for their produce, besides giving employment to hundreds of working men in that section.

Our Loyalty---Hard Put.

The *Standard* ever and anon, when hard put for something to say, mounts the rostrum and pours forth its swan-like complaints about the loyalty of the Senior and Junior. Yesterday, it repeats its extract from a correspondent of ours, who in a humorous strain gave the Ex. P. G. *gimlets*. It takes us to task because our correspondent, in alluding to the present practical political condition of the South, ridiculed the idea of there being a Union, when ten States were deprived of their constitutional representation, as well as the propriety of keeping thirty-six stars and stripes on the flag, while they were thus excluded. And for that, he calls us disloyal. Is it disloyal to oppose those who oppose the *Government*? Then we are disloyal, not otherwise. We sustain and support the Constitution—that is the government, and we obey the laws passed by the legislative authority and executed by the Executive. But Mr. Holden abandons the Constitution—the government, by giving his sanction to the Howard amendment and the unconstitutional acts of Congress. It abandons the President who clings to the Constitution, while we support him; while he clings to the Radical Congress, we cling to the Constitution.

For the *twentieth* time, it also attempts to fix disloyalty upon the junior. If that is all you can bring Mr. Holden against our Associate, he will be sure to non-suit you, as soon as you get into Court.

And then Col. Hoke *is* disloyal, because he opposed the raising of the Federal flag in January 1861. And did you not vote for the ordinance of secession in May 1861, thus ignoring the flag altogether? Did you not talk in those times about putting your foot on the flag and turning your back upon the Union forever?

The State Printer is neither disloyal nor does he hate the government, but he does hate meanness and hypocrisy, as he does their father, the devil.

INDEX AND NEWS.—Our cotemporary of the Goldsboro' *News*, blames somebody in this city for furnishing the Petersburg *Index* with a copy of the Governor's message in advance of the North Carolina papers. Our neighbor will blame no one when it learns the facts. We learn that the *Index* paid some one a good fee to copy the message and forward it in time to give it to its readers early. If our North Carolina cotemporaries had done the same, they could have gotten it as early. The only regret about the matter is, that the *Index*, in order to beat its cotemporaries, published it eight or ten hours in advance of its delivery. No Raleigh paper was allowed to do this, and the *Index* got the copy only upon the condition that *it* would not publish, until after the delivery of the message to the Legislature.

Organization of the General Assembly.

This body has entered upon its work in good spirit, and with a purpose, we trust, to adopt promptly such measures as will promote the interests of our people. The organization was effected with promptness, and the body is furnished with excellent Speakers, Clerks, &c.

The election of Mr. Best, as Secretary of State, was highly creditable to him as an officer. Few men devote themselves with more assiduity to the duties of their office than he does. A few more elections, the election of Comptroller, Treasurer, U. S. Senator, Adjutant General and State Geologist, if these offices are continued, as we presume they will, will clear the decks for action. None of the elections can consume much time.

U. S. Senator.

The election for U. S. Senator is fixed by a law of Congress to take place on next Tuesday. We have heard but little upon this subject, and presume that the election will be quickly disposed of on that day. We have casually heard the names of Hon. Jno. Pool, Judge Howard, and Mr. Wiggins, the Senator from Halifax, mentioned in connection with that office.—Whether either of the gentlemen named will allow the use of their names for that position we are wholly unadvised, our duties confining us so constantly to our office, that we do not get hold of the street rumors.

On motion of Mr. Battle, a message was sent to the House proposing to fix Monday next at 12 o'clock as the hour for the election of Comptroller. Subsequently a message was received from House, non-concurring in the proposition, and proposing to go forthwith into the election, which was rejected.

Adopted.

BILLS INTRODUCED.

By Mr. McKay, a bill to enable the Western Railroad Company to complete its road from the Coalfields in Chatham County, to some point on the North Carolina Railroad.

By Mr. Richardson; a bill to punish persons who knowingly entice or persuade minors to leave the service of their parents, guardians or masters.

By Mr. Allen; a bill to amend the sixth section of the 48th chapter of the Revised Code, entitled "Fences."

By Mr. Whitfield; a bill to incorporate Union Camp Ground in the County of Cleaveland.

By Mr. Long; a bill for the relief of the People. [Proposes to repeal the Revenue Law.]

By Mr. McClammy; a bill to empower the County Courts to levy a tax for repairing roads.

By Mr. Durham; a bill to construe an act entitled an act to establish a scale of depreciation of Confederate money.

By Mr. Jordan; a bill to provide a Homestead. [Proposes to exempt from execution for debt, one hundred acres of land, or real estate to the value of $500.

By Mr. Ashworth; a bill to exempt Ministers of the Gospel from working on the public roads and paying poll-taxes.

Mr. Whitfield gave notice that he would shortly introduce a bill to amend the second section of an act entitled an act to establish a scale of depreciation of Confederate currency.—[The second section relates to administrators, guardians, &c.]

The Speaker appointed as the House branch of the committee, on the Agricultural College, Messrs. Foard, Blair and Boyd.

On the African Race and Apprenticeships, Messrs. Moore, of Hertford, Logan, Waugh, Davis and McKay.

A message was received from the Senate proposing to raise a Joint Select Committee on so much of the Governor's message as relates to the proposed Constitutional amendment. The House concurred.

On motion of Mr. Clark, a message was sent to the Senate proposing that the two Houses proceed forthwith to the election of Comptroller. Mr. Freeman added to the previous nominatoins, the name of Wm. F. Collins, of Warren county. Mr. Crawford nominated Donald W. Bain, of Wake county. Mr. Hodnett nominated Mr. Jas. Holderby, of Rockingham.

The Senate, by message, declined proceeding at once to this election and proposed that it be held at 12 o'clock M., on Monday next.

On motion of Mr. Hutchison this message was laid on the table, the House refusing concurrence, and another message was sent to the Senate proposing an immediate election.

Mr. Hutchison, from a joint select committee, reported joint rules for the government of both Houses and to regulate their intercouse.

Mr. Logan moved that the House do not concur in the committee's report. He objected to the provision allowing the Senate equal representation on certain committees, and also to the provision raising a joint committee to investigate and report as to the qualifications of persons recommended for appointment as Justices of the Peace.

Messrs. Durham and Latham, of Washington, Hutchison, Davis, of Franklin, Peebles and Whitfield advocated the rule. Messrs. Russ, Freeman, Lyon and Blair opposed its adoption.

The question recurring on Mr. Logan's motion, it prevailed as follows:

YEAS.—Messrs. Allen, Baker, Boyd, Cowan, Crawford, of Macon, Crawford, of Rowan, Davis, Davidson, Durham, Foard, Garriss, Gorham, Granberry, Harding, Harper, Henderson, Holderby, Houston, Hutchison, Judkins, Kelsey, Kenan, Kendall, Latham, of Washington, Lee, Long, Lutterloh, Martin, McArthur, McClammy, McGougan, McNair, McRae, Moore, of Hertford, Patton, Peebles, Reinhardt, Richardson, Smith, of Guilford, Turnbull, Whitfield, Williams, of Harnett, Williams, of Pitt, Woodard—44.

On motion of Mr. Logan, this vote was then reconsidered, the rule to raise a committee to enquire as to the qualifications of Magistrates was stricken out, and the residue of the report concurred in.

An engrossed bill from the Senate, to continue the present term of the Court of Pleas and Quarter Sessions of Wake county, passed its several readings under a suspension of the rules.

The House then adjourned until 11 o'clock to-morrow.

Letter from a Native North Carolinian.

LA PRAIRIE, Adams Co., Ill., Nov. 16.

Messrs. Editors:—I herewith inclose you three dollars, for which you will please send me the *Sentinel*. As the State Legislature will soon convene, I wish your paper that I may be advised of the actings and doings of that body, as I feel a deep interest in the welfare of my native State.

I am pleased to learn that my old friend Jonathan Worth is re-elected Governor of the State. No man, in my opinion, is better fitted for that position at this time, than Mr. Worth. He is the right man and in the right place, and one that will not betray the confidence reposed in him. Mr. Worth will labor to promote the best interests of the State, notwithstanding some few have done all they could, to make it appear that he would not.

Those who have undertaken to traduce him, bear the marks of disappointment, and show too plainly that they wish to supplant him, if they could. But I am glad to see that the people of the good old North State are too wise to be deceived by such manenvering.

I suppose the Howard amendment will come up before the present legislature for adoption or rejection. I cannot for a moment doubt the action of that body on that subject. The object of that proposition is too patent on its face to deceive the most casual observer. Negro suffrage is the object, nothing less, can possibly be. Those who are in favor of that, will vote for that amendment. I suppose there are very few North Carolinians that would willingly place thousands in that condition. Let their motto be "look well to the South."

The South has done much to satisfy the radicals of her willingness to get back into the Union. *Did I say get back? She has never been out yet.* There is no guarantee that, even if the South should accept the amendment, they would then be permitted to come in. Judging the future by the past they would not. D.

THE FLORIDA BOUNDARY.—Governor Jenkins, of Georgia, communicated to the Legislature of that State, on the 13th instant, a special message on the subject of the Florida boundary. After reviewing the history of the attempts to settle the conflicting claims of the two States, he expresses the opinion that it is no longer an open question, and that, whatever interests or ties are involved in the controversy, Georgia is committed to what is known as the Orr and Whitner line. The Governor recommends that the General Assembly authorize him to issue a proclamation declaring that line the boundary. Both branches referred the message, and the documents accompanying it, to the Committee on the State of the Republic.

For the Sentinel.

To the Honorable, the General Assembly of North Carolina:

GENTLEMEN:—The pecuniary condition of our State and people, is the apology I make for obtruding my views upon your consideration at the present time.

The rapid emigration now flowing out of our State to the West and Northwest, is a fearful omen, and indicates a state of things which wise legislators must ponder and remedy. Why is this? What cause impels our people, many of them enterprising men and laborers, to leave the State? Political reasons have been assigned as the cause; but I have taken some pains to ascertain the true cause, and think the answer lies wholly in the poverty of the people, either already realized or staring them in the face.

You are fresh from the people and cannot be ignorant of their true condition. Tell me, if that portion of our former enterprising men in the State, especially in those Counties where good lands and the means of recuperation are most abundant, are not so hampered by their personal indebtedness, that they are in danger of positive and hopeless ruin, unless some remedy be specially applied for their relief? I speak advisedly, when I say, that the emigration of the present year is not a drop in the bucket, it some remedy is not applied by wise, humane, prompt and necessary legislation.

What ought to be done and what can be done to effect this, is I apprehend, the great question of your present session. I beg leave to suggest, that relief can only be readily afforded, by the adoption of some wise plan by which money capital can be brought into the State, and the energies of our people stimulated to their utmost tension, in the prompt and rapid improvement of our agricultural, manufacturing and mining resources.

How can this be effected? First, the State of North Carolina, poor as some suppose her to be, must carry forward with unwonted energy, the great system of internal improvements, projected and put in motion years ago by her wisest and best citizens. She has scarcely begun comparatively, to realize the benefits of this system. To stop where she is, is certainly the loss of what she has already expended, if not speedy bankruptcy and repudiation. I admit that she is in debt, but she is able to owe it and able to pay. The accomplishment of the plan I suggest, would in a few years, enable her to owe and to pay the more easily, twice or thrice the amount of her present indebtedness.

Let the State determine to complete the Western Extension Railroad according to the charter already granted, or if deemed advisable, with some improvement. This done, our great central Railroad would be brought into immediate connection with the great roads leading to Memphis and other points in the Mississippi valley. Let the Wilmington, Charlotte and Rutherford road be completed to some eligible point intersecting the Western Extension this side of the Blue Ridge. Let the Chatham, the Florence, the Cheraw, the Tarboro' and Wilmington Railroads be completed; also the new project from Egypt to some point on the N. C. Railroad and beyond, stretching through Northwest North Carolina into Virginia, and such other feeders as the system demands. Let two lines of ocean steamers be at once projected, one regularly plying from Beaufort harbor and the other from Wilmington, to Europe, all connected with and operating in connection with the Railroad improvements. These carrying on a direct trade with Europe, rapidly transporting our cotton, lumber, naval stores, &c., from the intermediate country affected by our Railroads, even to the Mississippi valley, besides carrying on a commercial and business intercourse, would soon bring to our aid large numbers of enterprising and laboring Europeans, to embark at once in the agricultural, manufacturing and mining operations of the country, and for laborers upon our Railroads. Nothing could so effectually stimulate enterprise and fill the country with capital, as a scheme of this kind.

But how can the capital be obtained to start and carry forward this enterprise? It must be done on State credit mainly. Let the State issue her bonds to effect it, as necessity shall require. But can the money be obtained in this way? I think it can; and I beg to submit the views of an intelligent Southern gentleman, now operating largely in New York, in close business intercourse with large capitalists, both in this country and in Europe. I am permitted to publish his letter in reply to enquiries and suggestions made to him relating to the foregoing scheme. In a letter to me, dated New York, Oct. 17th, he says:

"DEAR SIR:—I have not been able to comply with my promise to write you until this moment. The more I think of the views presented by you, in our late interview, as to the best mode to complete the great through lines of railroads, in your State, (and I will add, my native State,) the more I am convinced of their practicability; and the great benefit, these lines would be,—especially the line passing from East to West, connecting with our Tennessee system of roads in East Tennessee, to the State of North Carolina. We must build a main trunk line of railroad near the 32d or 33d of North latitude to the Pacific Ocean; indeed this line is provided for to the Rio Grande River by grants from Texas, and a contract made by the Southern Pacific Railroad Company, with a company of Europeans to build it.—From this main trunk, at its Eastern end, branches will strike the Atlantic Ocean at Savannah, Charleston, Wilmington and Beaufort and Norfolk, &c. The main line through your State, described by you, should, I think, be constructed by all reasonable and practicable means. If the State would issue her coupon bonds bearing seven per cent interest in gold, payable in this city, maturing in twenty years, I believe they could be sold to good advantage in this city and in Europe. This company has relations with an Association of capitalists in England, France and Germany, which would enable it to negotiate the sale of such bonds on terms highly favorable in Europe."

I beg that this plan shall not be thrown aside as Utopian. Let it be pondered before it is thus treated. All must admit that if the plan were carried out the great end of recuperation and prosperity to the old North State would be realized.

Respectfully,
CAROLINA.

The Impeachment of the President.

Some innocent patriots at Detroit, Michigan, who suppose there is something in the talk about impeachment, are circulating a long petition to Congress in favor of that measure, in which they embody General Butler's items of indictment against the President. To an influential Republican in Essex county, who remonstrated with Butler against making an attempt to impeach the President, the General replied: "You don't suppose me such a fool as to knock my head against a stone wall in that way, I hope." Butler talked impeachment because it was a good, stirring, easy subject, and he found that it took with the crowd. He knew very well that the whole thing would be forgotten before he should take his seat in Congress.—*Springfield (Mass.) Republican.*

APPOINTED.—The President has appointed Dr. Isaac W. Jones, of this city, Assayer and Superintendent of the Branch Mint of the United States located at Charlotte in this State.—*Old North State.*

The boys on the Hill must look sharp, or their defeat may be expected. The nine entered by the Chapel Hill Club are as follows: W. D. Horner, Captain; W. S. Battle, jr., G. G. Latta, A. Phillips, G. M. Rose, J. H. Smith, J. C. Webb, P. H. Winston and J. G. Young.

HENDERSON INDEX.—We have received the first number of the *Weekly Index*, published at Henderson, Granville Co., N. C., by Messrs. Furman, Newby & Pleasants. The *Index* succeeds the "Eagle" at Louisburg. We wish it much success.

FIRES.—We hear of two fires having occurred in Pitt county recently. By one, the cotton gin of Lieut. Rosecrans was destroyed at a loss of $5,000; and by the other, Col. Loftin lost a cotton gin and $3,000. The origin of the fire in each instance was accidental.—*Newbern Journal of Commerce.*

GEORGIA LANDS.—A friend in Warren writes us to know, where in Georgia, was the farm worth $20,000, for which no bidder could be obtained. We can only reply that the item we published, contained all the information we have.

THE EYE AND EAR.—We refer our readers to the advertisement of Dr. Gardner, Oculist and Aurist, (formerly of London,) now of New York, who will be at the EXCHANGE HOTEL, on Saturday, Nov. 24th., and remain until Thursday, the 29th. After that time, he will visit Raleigh monthly, of which due notice will be given.—The Dr. comes highly recommended by the press of the different cities he has visited. Those who require medical or surgical aid for defective sight or hearing should avail themselves of the opportunity now offered for obtaining relief, by consulting Dr. Gardner.

The Tennessee Methodist Conference has rejected the proposed changes of the name of the church from "Methodist Episcopal Church, South," to "Episcopal Methodist Church," submitted for the action of the Annual Conference. The vote stood ayes 48, nays 47; but the three-fourths vote was required.

The Constitutional Amendment.

The question, whether the Constitutional amendment shall be adopted, involves a subject vastly more important than the immediate changes which these amendments are designed to effect. The first and great question is, can we amend the Constitution rightfully, so as to take from any State a power which it has not voluntarily granted to the United States? Does the provision in the Constitution, which authorizes its amendment, mean that a majority of two-thirds in Congress and three-fourths of the States have the power to make a monarchy out of the republic, and that the minority of the people and States are bound to submit to such a fundamental change?

If the power of alteration extends as far as now assumed for the purposes of these proposed amendments, then it is plain that the power also extends to the complete obliteration of States. The exception in the Constitution forbidding amendments which would deprive a State of its equal representation in the Senate can itself be amended and erased. The provision that no State shall be divided without its consent can be amended and erased. It is as easy to make New York two States, and New England one State, as it is to pass these amendments now before the people. If these are passed the precedent will be established.—There will be then no limit to the changes which, in political excitement, will be urged on by radical men on both sides. It is therefore the very body of the Constitution which is now in danger.

We beseech the Radical leaders to face this great truth and give it due attention. The future of this country is not within the view of living prophets; but there are innumerable reasons for the belief that the majority of more than a million now opposing the Radical measures will in time gain the power in Congress and in the States. When that comes, there is every reason to suppose that a sectional party will again spring up. That sectional party, however, will not maintain Northern against Southern interests. It will in all probability be a party in which the South and the West will be united against the Northeast. The grand questions of political economy, which are to be the controlling questions in our country, will be very likely to enlist men in the manufacturing and consuming parts of the country, while the interests of the producers will tend to bind them together in other parts of the country.—The South and the West are more homogeneous than the South and the Northeast. The people of the South and the West are much alike, especially along our great rivers, where they have a great deal of intercommunication. In that day of which we speak, a firm, unalterable Constitution will be an invaluable guarantee to the East and the North. A weak Constitution, easily amended, the subject of all the winds of popular caprice, will be as useless as the paper on which it is printed. Adopt these amendments now, and we shall have established a precedent which takes all the strength and firmness of the Constitution away from it, and deprives it of the vital force which is necessary to permanence.—*N. Y. Journal of Commerce.*

We hope the *Journal of Commerce* will repeat its blows. We are glad the North is waking up to the consequences of the Howard amendment. We have tried for months to point out these dangers to the North as well as the South, but all through the canvass, the North did not seem to see them.—EDS. SENTINEL.

The President's Position.

The position of President Johnson continues sorely to vex Yankee correspondents and editors. A special in the Philadelphia *Ledger* says:

Mr. Johnson has not indicated his purpose relative to the amnesty suffrage plan mentioned in these dispatches on Friday last, though the gentlemen who advocate the proposition, represent that the President has given them encouragement to expect that he will adopt their suggestions substantially, if not exactly in the form they advise.

Several newspaper correspondents have endeavored to create doubts of the existence of such a combination of leading men for the purpose of inducesng the President to accept the proposition and advise the Southern people, as set forth in my dispatch. In order to put at rest such doabts, I am enabled to say, from personal knowledge, that such a combination does exist. A number of the gentlemen co-operating in it have had interviews with Mr. Johnson, and they have been laboring in the matter for about a month, visiting and corresponding with influential men of the North and South.

The New York *Herald* editorially remarks:

In view of the recent consultations between the President and leading Republican men in Washington, it is confidently believed that the former is on the eve of a grand *coup d'etat*, which will gratify his friends and bewilder his enemies. There is certainly, report says, an earnest desire on both sides to compromise the difficulties which obstruct a speedy readmission of the Southern States.

The *Sun*, of yesterday, publishes several paragraphs, relative to universal suffrage and general amnesty, and then says editorially:

To talk of "universal suffrage," as a compromise for the constitutional amendment is rather absurd, when the constitutional amendment is already effectually killed off, the requisite number of States to adopt it not being found. It is this fact, so generally demonstrated by the result of the late Maryland election, and the knowledge of what must be its influence, that his started all these anxious efforts and talk among professional politicians about some other scheme for Southern acceptance, which has generally been spoken of as resting on impartial or qualified, not universal suffrage.

As the Washington *Republican* of yesterday says, "Suffrage should be conferred by the States, that right being guaranteed to each State by the Constitution." This is the platform that the Presideht has always stood upon, and it is where he left the question in his first proclamation for the reorganization of State government in North Carolina after the war.—Should any or all of the late slave States choose to extend the suffrage in any way, of course the President could make no objection, but he is not likely to take it up as a measure for the general government, if, as the *Republican* also says, "Andrew Johnson is in favor of qualified suffrage in Tennessee as a citizen of that State." The people of the South are evidently now disposed to bide their time, and meantime the whole country will have a chance to cool.

MEETING OF DIRECTORS.—The Board of Directors of the Atlantic & N. C. Railroad company met yesterday in this city. We understand that Col. J. V. Jordan was elected General Agent, in place of Wm. B. Wadsworth, resigned. Col. J. has been for some time connected with this office and will doubtless make an efficient agent.

Roderick Powell was elected Station Agent at Kinston, in place of D. S. Ryan, resigned.—*Newbern Commercial.*

ACQUITTED.—B. M. Presson, of Charlotte, indicted for buying cotton known to have been stolen, was tried and honorably acquitted of the charge at Cabarrus Superior Court last week.

Special Notices.

A New and Grand Epoch in Medicine!

DR. MAGGIEL is the founder of a new Medical System! The quantitarians, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so-called) remedies of others, and upon which people have so long blindly depended. Maggil's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. Ulcerous and eruptive diseases are literally extinguished by the disinfectant power of Maggiel's Salve. In fact, it is announced that **Maggiel's Billious, Dyspeptic and Diarrhœa Pills** cure where all others fail. While for Burns, Scalds, Chilblains, Cuts and all abrasions of the skin, **Maggiel's Salve** is infallible. Sold by J. MAGGIEL, 11 Pine St., New York, and all Druggists, at 25 cts. per box.

OPINIONS OF THE PRESS.

The Louisville *Journal* says: "The testimonials which Dr. Gardner presents to the public could never have been obtained, except by the display of great skill and learning in his profession. One thing especially commendable in the Doctor's practice is, that he will not attempt an incurable disease for the sake of a fee, but frankly tells the patient whether he can be cured or not. We cheerfully recommend Dr. Gardner to the attention of all our friends who may be suffering from diseases of the eye or ear.

The Richmond *Times* says: We have no hesitation in saying that Dr. Gardner is the most scientific and successful eye and ear Surgeon in this country.

"Dr. Gardner's treatment of the eye and ear is wonderful."—*Richmond Enquirer.*

"We feel justified in recommending Doctor Gardner to those suffering from diseases of the eye and ear."—*Richmond Whig.*

"We can safely and cordially recommend Dr. Gardner, who will fulfill all he undertakes to perform."—*Baltimore Clipper.*

The New Orleans *True Delta* says: "We can safely recommend Dr. Gardner as a successful operator on the eye and ear. He will not undertake to treat a case unless a cure can be effected.

The Wheeling *Register* says: "Dr. Gardner is one of the most successful Oculists and Aurists in the country. We advise those suffering from the diseases of the eye and ear to consult him."

AYER'S CHERRY PECTORAL,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other expectorant is too patent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

We can only assure the public, that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. The Agents below named furnish gratis our American Almanac in which they are given; with also full descriptions of the complaints they cure.

Those who require an *alterative medicine* to purify the blood will find AYER'S COMP. EXT. SARSAPARILLA the remedy to use. Try it once, and you will know its value.

Prepared by J. C. AYER & Co., Lowell, Mass., and sold by

A New Era In Medicine!

☞ Let the Suffering and Diseased read the following.

☞ Let all who have been given up by Doctors, and spoken of as incurable, read the following.

☞ Let all who can believe facts and can have faith in evidence, read the following:

Know all men by these presents, That on this, the Twentieth day of June, in the year of our Lord, One Thousand Eight Hundred and Sixty-six, personally came Joseph Haydock to me, known as such, and being duly sworn, deposed as follows: That he is the sole general agent for the United States, and dependencies thereof, for preparations or medicines known as MAGGIEL'S PILLS and SALVE, and that the following certificates are verbatim copies to the best of his knowledge and belief.

JAMES SMEITER,
L. S. Notary Public,
Wall Street, New York.

June 1, 1866.

DR. MAGGIEL:—I take my pen to write you of my great relief and that the awful pain in my side has left me at last—thanks to your medicine. Oh, doctor, how thankful I am that I can get some sleep. I can never write it enough. I thank you again and again, and am sure that you are really the friend of all sufferers. I could not help writing to you, and hope you will not take it amiss.

JAMES MYERS,
116 Avenue D.

This is to certify that I was discharged from the army with Chronic Diarrhœa, and have been cured by Dr. Maggiel's Pills.

WILSON HARVEY,
New York, April 7, 1865. 27 Pitt Street.

The following is an interesting case of a man employed in an Iron Foundry, who, in pouring melted iron into a flask that was damp and wet, caused an explosion. The melted iron was thrown around and on him in a perfect shower, and he was burnt dreadfully. The following certificate was given to me by him about eight weeks after the accident.

New York, Jan. 11, 1866.

My name is Jacob Hardy; I am an Iron Founder; I was badly burnt by hot iron in November last; my burns healed, but I had a running sore on my leg that would not heal; I tried Maggiel's Salve, and it cured me in a few weeks. This is all true, and any body can now see me at Jackson's Iron Works, 2nd Avenue.

J. HARDY,
119 Gecrick Street.

Extract from Various Letters:

"I had no appetite; Maggiel's Pills gave me a hearty one."

"Your Pills are marvelous."

"I send for another box, and keep them in the house."

"Dr. Maggiel has cured my headache that was chronic."

"I gave half of one of your pills to my babe for cholera morbus. The dear little thing got well in a day."

"My nausea of a morning is now cured."

"Your box of Maggiel's Salve cured me of noises in the head. I rubbed some of your Salve behind my ears and the noise left."

"Send me two boxes; I want one for a poor family."

"I enclose a dollar; your price is twenty-five cents, but the medicine to me is worth a dollar."

"Send me five boxes of your pills."

"Let me have three boxes of your Salve by return mail."

I have over 200 such Testimonals

As this, but want of space compels me to conclude
J. MAGGIEL, M. D.

P. F. PESCUD AGENT FOR RALEIGH, FOR

ROANOKE
LAND FOR SALE.

AS Attorney, I shall sell, on the premises, for Cash, ON THE 26TH. DAY OF NOVEMBER, 1866, At Public Auction, to the highest bidder, the celebrated plantation of

MR. T. P. BURGWYN, KNOWN AS

ALVESTON,
CONTAINING

1,900 Acres, More or Less,

lying in Occoneechie Neck, Northampton county, North Carolina.

This is one of the most beautiful plantations in the whole country, and is surpassed in fertility and productiveness by none in North Carolina. Most of it is high table land, a red soil, cleared and in a high state of cultivation. It is admirably adapted to the production of

COTTON, WHEAT, & INDIAN CORN.

It is well stocked with negro laborers, the former slaves of the estate, who are attached to the place, and can be easily induced to remain by a prudent purchaser. It also has on it several very good white tenants,—good and honest farmers—and is in much demand by this class of tenants. The Barns and Laborers' Houses are very good.

THE MANSION HOUSE

is sufficiently good. It is situated on the Roanoke river, *below* the head of navigation, and in the immediate neighborhood of four railroads leading to Norfolk, Petersburg, Wilmington, and Raleigh.

A plantation of equal value has not been offered for sale in Northampton within the memory of the oldest inhabitant.

As an investment merely, a Life Insurance Policy is as safe an investment of funds as can be made,—The principal, generally, is not only many times in excess of the amount paid, but in a sound company it has no rival for security, and no species of Government bonds are a more desirable investment.
